README.md

eduardoboucas.com

This is the source code for eduardoboucas.com. The site is fully static, powered by [11ty](#) and hosted on [Netlify](#), served right from this repository.

Installation

1. Clone the repository and enter its directory

```
git clone https://github.com/eduardoboucas/eduardoboucas.github.io.git
cd eduardoboucas.com
```

2. Install the dependencies

```
npm install
```

1. Run a server, generate the site and watch for changes

```
npm start
```

2. Navigate to <http://localhost:8080/>.

Development

To build the CSS and JavaScript files, run:

```
npm run build
```

Old version

The source code for the previous iteration of the site can be found in [this repository](#).
